

### **REMARKS**

The “Amendments to the Claims” section of the Response filed May 20, 2008 is cited in the Notice of Non-Compliant Amended mail date June 17, 2008 as being non-compliant.

Specifically, the Item boxes checked in the Notice are: Item 4C relating to claim status identifiers; and Item 4E other stating “new claims should not be underlined.”

In response, the applicants hereby submit a corrected “Amendment to the Claims” section wherein each claim has a proper status identifier (specifically, claim status of “Amended” now reads “Currently Amended”), and wherein the marked up version of New Claim 21 is not underlined.
